

WHY SHOULD YOU JOIN US?

This is what ALTER exists for:

"To improve the understanding of and support for Land Value Taxation amongst members of the Liberal Democrats; to encourage all Liberal Democrats to promote and campaign for this policy as part of a more sustainable and just resource based economic system in which no one is enslaved by poverty; and to cooperate with other bodies, both inside and outside the Liberal Democrat Party, who share these objectives."

We are not just about Land Value Taxation (LVT). But we believe that LVT is necessary although not sufficient to secure a sustainable, liberal, democratic social and economic system.

Without LVT, wealth inequalities are ingrained – that's simply a natural law, like the law of gravity. The land market isn't – cannot be – free: supply is fixed and demand is largely controlled by those who lend to prospective buyers.

ALTER works with supporters of LVT and banking reform in all parties and none to create an economic system that works for people not just the powerful.

The Coalition for Economic Justice (CEJ) formed in 2008, in the wake of the global fiscal crisis, to bring together all UK-based organisations that have the same aim. Since then, ALTER has grown in membership with CEJ's support: by 25% in just the last 18 months.

We now see people joining our Party **because** of what **we** stand for: "economic justice" is surely much the same as "stronger economy and fairer society"? We prove you don't need to choose between 'social liberalism' and 'economic liberalism': free trade and a fair tax system go hand-in-hand and a Liberal Democracy needs both.
